Forecast for Monday 06 Feb 2023

Weather: A bright and sunny morning across the park, with some early frost soon clearing. Hazier conditions possible during the afternoon with an increase in thin high cloud. A widespread frost overnight, as well as some fog patches forming around eastern foothills.

Chance of cloud-free hill tops above 600m: 90% plus by day

Low cloud and visibility: Very good visibility in the morning, possibly lowering slightly in the afternoon in hazier conditions. Cloud above peaks all day giving excellent panoramic views of surrounding hills.

03:00 on Mon 06 Feb 2023	0.2mm	0.6mm	3.2mm

Forecast for Tuesday 07 Feb 2023

Weather: Early fog patches around eastern foothills and overnight frost clearing through the morning. Another bright and sunny day developing, with not rain or much cloud around.

Maximum wind: Variable 15mph or less

Chance of cloud-free hill tops 600m: 90% plus through the day.

Low cloud and visibility: Generally very good visibility away from any low-lying early fog. Any cloud comfortably above peaks.

Temperature:
Valleys: Minus 1 Celsius rising 6 Celsius for the afternoon
At 600m: Zero rising to 3 Celsius
Freezing level: Generally 800m but occasional sub-zero layers at lower levels due to overnight cooling.
